

## Technical Data Sheet

Q-Tissue Interfold Hand Towel  
QTIT02

## 1. Product Identification

|              |                               |
|--------------|-------------------------------|
| Product Code | QTIT02                        |
| Product Name | Q-Tissue Interfold Hand Towel |
| Brand        | Q-Tissue                      |
| Product Type | Interfold Towel               |
| Doc Version  | 1                             |
| Doc Date     | 2026-08-16                    |

## 2. Material Specification

|                      |                   |
|----------------------|-------------------|
| Material Composition | 50% Pulp + 50% PP |
| Virgin Pulp %        | 50                |
| Recycled Fiber %     | 50                |
| Number of Plies      | 2-Ply             |
| Basis Weight GSM     | 22                |

### 3. Dimensions

|                 |            |
|-----------------|------------|
| Sheet Length mm | 225        |
| Sheet Width mm  | 200        |
| Sheets per Roll | 150        |
| Perforation     | Perforated |

### 4. Physical & Performance Properties

|                       |       |
|-----------------------|-------|
| Color                 | White |
| Absorbency            | High  |
| Dust Level            | Low   |
| Food Contact Suitable | No    |

### 5. Packaging & Standards

|                      |                                   |
|----------------------|-----------------------------------|
| Unit Size            | Pack                              |
| Carton Configuration | 24 Packs / Carton                 |
| Test Method          | ISO 12625 series where applicable |
